

## **MAY GRANTEE SPOTLIGHT**

During the month of April four organizations funded by Komen Atlanta were featured in local newspapers! Boat People SOS, Center for Pan Asian Community Services and DeKalb Medical were featured in CrossRoadsNews. Northside Hospital was featured in the Atlanta Business Chronicle and North Fulton Neighbor. Congratulations to these grantees for getting a jumpstart on spreading the word about their funding and available services.

Northside Hospital has been selected as the only hospital in the southeast to be added to the National Cancer Institute's Community Cancer Centers Program!
